Reicks View Farms: Where Pigs Fly

Reicks View Farms, a 5th generation pork producer, is a traditional family farm in Northeast Iowa. We have prospered because of our time honored focus on raising and developing pork, the “Pride of Iowa.” With the fast-paced lives of our families today, we, as Reicks View Farms Quality Meats, want to offer our top quality pork in a quick and convenient manner. We want your children to know the taste of quality, corn-fed Iowa pork. With Reicks View Farms, the taste of Iowa will remain for many years to come.

Reicks View Farms was founded by Dale and Laura Reicks in 1977 near the small town of Jerico, Iowa. They began with 240 acres of corn and soy beans along with 200 sows. Today Dale and Laura, with approximately 135 employees, continue to farm corn as well as produce top quality pork, earning them recognition as Master Pork Producers and taking pride in Reicks View Farms’ family-oriented environment.

We want to share with you the thickest Apple Wood Smoked Bacon, the biggest Bratwurst per pound, the best Apple Wood Smoked Bone-In Ham—cured with century-old Iowa processes—and a delicious BBQ Baby Back Rib, precooked for your convenience.
